Day one will look at how funders can contribute beyond money in an increasingly integrated world. International and local keynotes will talk about the value they add to their mission through a variety of activities.

Interactive breakouts will dig deeper into ways funders can make a difference including: impact investment; social procurement; governance and advocacy.

### Day two

- Te whai whakaaro anō ki  
ngā hapori*

*Online only*

Keynote speakers will discuss the implications of our bicultural foundation; and how we can support sustainable and inclusive communities for Aotearoa to prosper?

Our breakouts will support funders to better understand and engage with Te Ao Māori; as well as hear from community voices on their aspirations and ways funders can help.

### Day three

#### Theme

*Aspiring Together –  
Te wawata ngātahi*

*Online only*

We will discuss opportunities and issues affecting us all, and how to progress the system supports needed for great giving. The breakouts will canvas topics like: data and evaluation; how to make seeking funding easier; preparing for and responding to crisis; and supporting a sustainable planet.

We'll wrap up with an inspirational keynote speaker on a vision of a world where philanthropy and grantmaking as we know it is no longer needed.
